

Small Business Forum

Hosted by:
Connecticut House Republicans

Wednesday, October 12, 2011 - 10:00am
Legislative Office Building, Room 2B
Hartford

Please consider coming to a business roundtable and discussion to share **your** ideas about how to foster job growth and a successful business climate in Connecticut.

We are looking for ideas from entrepreneurs and owners of all sizes of business. This is an opportunity to talk directly with Connecticut's policy makers and share your concerns and ideas.

Government cannot create jobs, but it has surely played a large role in hindering job growth by over taxing, endless regulatory intervention and ill-conceived job killing policies that have been proven failures. We can, and must, turn that around.

If you cannot make it that day, I encourage you to contact me in advance with your thoughts and ideas at Christopher.Davis@housegop.ct.gov.

Please RSVP to Michael Rell at **860-240-8780**, or email him at [**Michael.Rell@cga.ct.gov**](mailto:Michael.Rell@cga.ct.gov).
